SELLING CONDITIONS

Read carefully the following document which is considered an integral part of our order confirmation. If we will not receive any written communication within 3 days from the moment we send it to you, we will consider its contents completely accepted.

GENERAL CONDITIONS

1. the user is considered the one who knows better the chemical compatibility and the reactions between the liquid to be pumped and the material of construction of the pump and consequently the information given in this regard by GemmeCotti Srl is merely indicative
2. If the pumped liquid and the needed performances have not been communicated to GemmeCotti Srl before the offer and confirmed in the quotation and order confirmation, the customer takes the whole responsibility for the usage of the product.
3. The customer is responsible for the correct use of the pump and of its good maintenance. For any information regarding the installation, the use and maintenance of the product please refer to the proper manual.
4. In case of inappropriate use of the pump and/or non-observance of the information written in this document, in the warranty and/or in the instruction manual, the warranty will not be applicable.
5. For the Warranty terms please refer to the document Mod. 1.11.5E

DECLARATION OF CONFORMITY/CE MARK

1. If the pumped liquid and the needed performances have not been communicated to GemmeCotti before the offer and confirmed in the quotation and order confirmation and/or the pump is not properly installed, maintained and used for its intended purpose or under conditions which can reasonably be foreseen as indicated in the Machine Directive 2006/42/CE article 4 paragraph 1, the customer takes the whole responsibility for the usage of the product, especially if not used in an appropriate way, and the warranty, the conformity to the Machine Directive 2006/42/CE and the relative CE declaration are no longer valid.

The proper installation, maintenance and use for its intended purpose and the conditions which can reasonably be foreseen are subject to the respect of the technical limits (temperature, working point, compatibility of the pump material with the pumped fluid, NPSH etc...) which are indicated in GemmeCotti's technical data files and use and maintenance manuals.

If the above mentioned limits are not respected, the customer is the only responsible for the introduction of the pump in the market, for the declaration of conformity to the Machine Directive and the CE mark.

2. If the pump is not used according to the contractual clauses the CE declaration of conformity is no longer valid.
3. Ordinary repairs and/or maintenance must be carried out in accordance with the instructions indicated in the manual and carried out by pumps experts. Any case of pump tampering or modification, the warranty and the CE declaration will lose their validity. In this case, the customer will assume the product risk and he must issue a new CE declaration of conformity.
